

Peaceful protest against abortion

By SANDRA McALLISTER

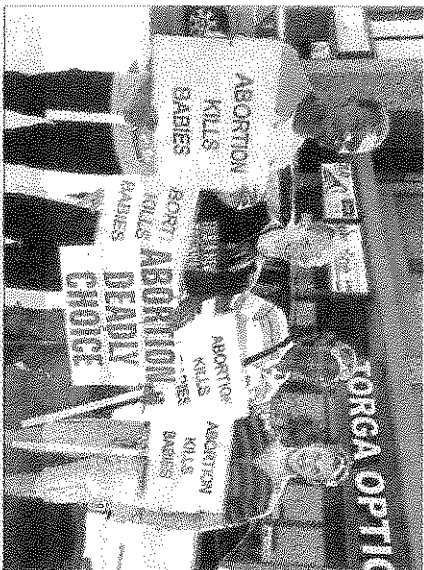

In the blistering heat of Sunday midday on February 7, a large crowd of caring and dedicated folk gathered to highlight the rights of unborn children. Nina McNeil organized the protest on behalf of Christians for Truth.

Before setting off to stand silently on the side of the roads, a short meeting was held. One of the speakers related that since abortions have been

legal in SA, over nine hundred thousand legal abortions have been performed.

Lezette Meyer from Doctors for Life International told the crowd that they provide 11th hour counselling and support.

For more information on 11th hour counselling contact their helpline on 078 879 7484 or Lindfwe on 072 388 4413.

Receive the Gift of Knowledge from Medi-Clinic

February is Pregnancy Education Month. During your pregnancy and particularly once your baby is born, you will receive many gifts from friends, family as well as Medi-Clinic Southern Africa. The most precious and lasting gift is the knowledge that you have received from Medi-Clinic.
